

## Appendix 1 – A's Current Roadmap

 <p>School Consultancy Tutoring Programme From Tutor Your Child</p>	<h1>Planning Roadmap</h1>	<b>Group: Student A</b>	<b>Start Date:</b>
<h3>Roadmap 1</h3>			

<b>Bundle: Place Value</b> <b>Achieved</b>	<b>Level 3</b>	<b>Tutorials: week 1-5 &amp; Assessment</b>
Outcome: Read, write, compare and recognise numbers up to 3-digits, represent 3-digit numbers in different ways, understand value of each digit, use this for rounding and adding/subtracting round numbers (e.g. 100 more)		

<b>Bundle: Place Value</b> <b>Achieved</b>	<b>Level 4</b>	<b>Tutorials: week 1-5 &amp; Assessment</b>
Outcome: Read, write, compare and recognise numbers up to 4-digits, understand value of each digit, use this for rounding and adding/subtracting round numbers (e.g. 100 more) and read Roman numerals up to 300		

<b>Bundle: Addition and Subtraction</b> <b>Part-achieved</b>	<b>Level 3</b>	<b>Tutorials: Week 1-7 &amp; Assessment</b>
Outcome: Can use different methods to understand how to add and subtract numbers up to 3-digits and can use inverse and estimating to check and estimate answers		

<b>Bundle: Addition and Subtraction</b> <b>Part-achieved</b> <b>negative numbers only</b>	<b>Level 4</b>	<b>Tutorials: week 1-3 &amp; Assessment</b>
Outcome: Understand numbers continue below zero and solve simple problems using negative numbers and number lines. Can use column addition methods to add and subtract numbers up to 4-digits and can use inverse, rounding and estimating to check answers or estimate.		

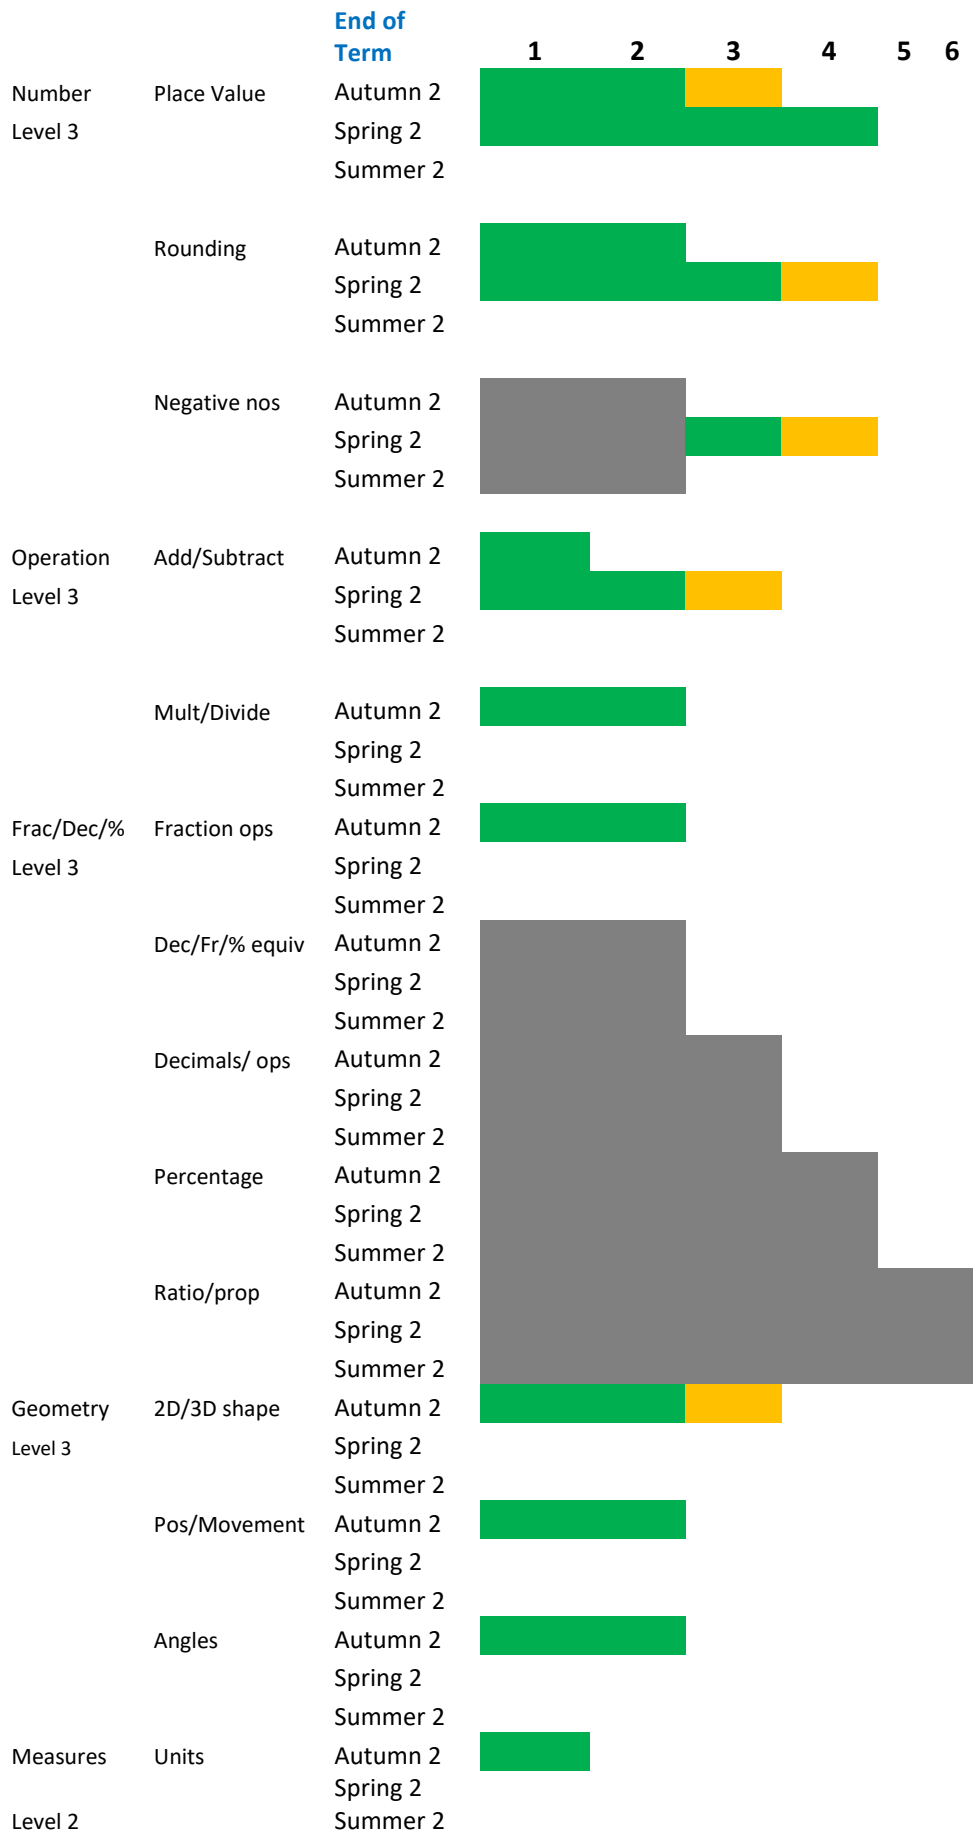

<b>Bundle: Multiplication and Division</b>	<b>Level 3</b>	<b>Tutorials: Week 1-6 &amp; Assessment</b>
Outcome: Understand the meaning of the x sign and how this relates to x-tables. Become confident in 2,3,4,5,8,10 x tables and recognise how division is the inverse of multiplication. Practise different methods to multiply 2/3 digit numbers by 1-digit number and divide 2-digit numbers by 1 digit number		

<b>Bundle: Fractions and Decimals</b>	<b>Level 3</b>	<b>Tutorials: Week 1-5 &amp; Assessment</b>
Outcome: Can find a fraction of a number and understand strategies for calculating this. Find/understand equivalent fractions, compare unit and non-unit fractions (same denominator), add and subtract fractions with the same denominator and understand why the same denominator is needed. Relate fractions in tenths to decimals and understand what make 1 whole in fractions and decimals.		

## Appendix 2 – A’s Assessment Tracking

		<b>End of Term</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>
