<p>$15 \div 5 =$</p>	

Name Class Date

1. Work out the answers to these problems. You can draw faces and then use crosses or circles to help you to share the number.

10 shared between 2

20 shared between 5

30 shared between 3

2. We can use the division sign \div instead of the words shared between. Answer these division problems.

$$14 \div 2 =$$

$$25 \div 5 =$$

$$40 \div 10 =$$

$$20 \div 2 =$$

Name Class Date

1. We can use the division sign \div instead of the words shared between. Answer these division problems.

$$16 \div 2 =$$

$$45 \div 5 =$$

$$50 \div 10 =$$

$$22 \div 2 =$$

$$20 \div 5 =$$

$$35 \div 5 =$$

$$30 \div 10 =$$

100 Square

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

1. Work out the answers to these problems. You can draw faces and then use crosses or circles to help you to share the number.

6 apples shared between 3 children.

How many do they have each? 2

8 bananas shared between 4 children.

How many do they have each? 2

10 cakes shared between 2 children.

How many do they have each? 5

2. We can use the division sign \div instead of the words shared between. Answer these division problems.

$$4 \div 2 = 2$$

See example of how faces and crosses can be used to work out problems above.

$$12 \div 2 = 6$$

$$15 \div 5 = 3$$

1. Work out the answers to these problems. You can draw faces and then use crosses or circles to help you to share the number.

10 shared between 2 is 5

See example of how faces and crosses can be used to work out problems in the answers for one-star activities.

20 shared between 5 is 4

30 shared between 3 is 10

2. We can use the division sign \div instead of the words shared between. Answer these division problems.

$$14 \div 2 = 7$$

See example of how faces and crosses can be used to work out problems in the answers for one-star activities.

$$25 \div 5 = 5$$

$$40 \div 10 = 4$$

$$20 \div 2 = 10$$

3. We can use the division sign \div instead of the words shared between.
Answer these division problems.

$$16 \div 2 = 8$$

See example of how faces and crosses can be used to work out problems in the answers for one-star activities.

$$45 \div 5 = 9$$

$$50 \div 10 = 5$$

$$22 \div 2 = 11$$

$$20 \div 5 = 4$$

$$35 \div 5 = 7$$

$$30 \div 10 = 3$$
